# Complex and long duration projects fee schedule

Complex projects shall be calculated at .25% of the total permit fee for each discipline (IE: Building, Mechanical, Electrical, Plumbing) that is deemed a complex portion of the project.

Complex project means a construction project that includes one or more of the following significant components:

- Unique equipment
- Specialized building system
- Multifaceted program
- Accelerated schedule
- Historic designation
- Intricate phasing

Some examples of complex projects are listed below **but not limited to the list below** and shall be determined by the building official at the time of the plan review for the project.

- Complex mixed occupancy buildings
- Institutional occupancies
  - Correctional facilities
  - Hospitals
  - Nursing homes
- Factories
- Hazardous occupancy buildings
- Aircraft hangers
- Large assembly occupancies
  - Stadiums
  - Amphitheaters
  - Arenas
  - Churches

Long duration projects (projects that have a duration of 12 months or more) shall be calculated at .1% for every month or fraction thereof of the total permit fee including the complex project fees, for the duration of the project. The duration shall be estimated at the time of submittal, any projects that exceed the estimate duration shall be charged an additional fee of .1% of the original permit fee including the complex project fees, for every month or fraction thereof that the project exceeds the estimated duration.
