Dental carryover benefit and how it works

Each benefit year a member must have:

- One cleaning,
- One regular exam, and
- Total dental claims for preventive, basic and major covered procedures paid during the year below the threshold limit.
- If all three criteria above are met, a portion of the annual maximum will carry over to the next year.

Other Specifications:

- Each covered family member receives their own carryover benefit.
- Group carryover benefit rider must be in effect for one benefit year before any members can utilize carryover benefits.
- A member must be on the plan for a minimum of three months before accruing carryover benefits.
- Carryover benefit may be used toward preventive, basic and major covered services only
- A member's carryover account will be eliminated, and the accrued carryover benefits lost if the insured has a break in coverage for any length of time or any reason.

If takeover benefits are included in your benefits, then waiting periods for service will be waived for the individuals currently insured under the employer's previous plan during the month prior to coverage moving to us. Application of takeover benefits is subject to Underwriting review and approval. New hires with prior-like dental coverage (lapse in coverage must be less than 63 days) will receive takeover credit for the length of time they had with the prior carrier and must provide proof of coverage (including coverage dates) to receive takeover credit (i.e. one page benefit summary, Certificate of Creditable Coverage, etc.).
