SOUTHERN FULTON MOVES TOGETHER
The Southern Fulton Comprehensive Transportation Plan

The **Southern Fulton Comprehensive Transportation Plan (SFCTP)** is a roadmap for roads, sidewalks, trails, transit, and safety across eight communities: Chattahoochee Hills, City of South Fulton, College Park, East Point, Fairburn, Hapeville, Palmetto, and Union City.

What is a CTP?

A Comprehensive Transportation Plan looks at how people get around today and what improvements will keep everyone moving safely as the area grows. The SFCTP won't build or fund projects. It will guide how local, state, and federal transportation dollars are spent in southern Fulton until the plan is updated again.

Get Involved!

Visit the plan website at **www.sfctp2028.org** for the latest information on how to share feedback on transportation issues in your community, see projects already planned or underway across the region, and find out about upcoming meetings where you can connect with the project team in person.
